# ALL ABOUT ME

This is a picture of me

My name is

Maria Luisa O. Eustaquio

Luisa or "Iza"

## 3 words about ME

Curious
Open-minded
Process-oriented

## Impression to the teacher

My impression is that this class will be well-organized, which I believe will help us engage in meaningful discussions and hands-on projects.

## This year, I want to learn more about

1 Machine Learning: I want to learn how to train machines with data and see how it can help make sense of complex information and solve real-world problems.

2 Game Development: I've been inspired by the games I've played, and that makes me want to try my hand at game development to create some fun experiences of my own.

3 Business in Tech: I'm curious about how technology and business come together, especially how innovative ideas turn into successful products and what it takes to run a tech company.
